Conditions and Terms of Sale:

Any written or verbal agreements not incorporated within this agreement are void.

\_\_\_\_1. The Seller certifies that the above-described Bulldog is in sound health at the time of sale. Buyer(s) agree to have this Bulldog examined by a competent veterinarian of his or her choice with experience in the breed within forty-eight (48) hours from the time of delivery of this dog. If within those forty-eight (48) hours the Buyer(s) veterinarian recommends returning the dog because of serious health concerns, the dog may return for credit towards another dog. The Buyer(s) MUST provide a written opinion of the health concerns from their veterinarian in the event of return. The Seller's veterinarian must be in agreement that the seriousness of the condition warrants the return of the Bulldog.

\_\_\_\_2. The Seller warranties against life threatening congenital defects for a period of six (6) months from the date of birth of the dog. If the dog expires, Buyer(s) must provide an autopsy report including a toxicology report to the Seller's veterinarian. The Seller will provide the Seller's veterinarian contact information when requested. The dog must be preserved for seventy-two (72) hours after the Seller's veterinarian receives the reports and Buyer(s) agree to do further testing if requested. This warranty is void in the case of death during any medical procedure for any reason.

\_\_\_\_3. The cost of all transportation as it relates to the warranties or any return of the dog is that of the Buyer(s). The Seller(s) liability is limited to a replacement Bulldog of comparable quality only. The Seller and Buyer agree that the Seller's veterinarian shall serve as the expert of any claimed life threatening congenital defects.

\_\_\_\_4. Seller(s) cannot guarantee the fertility of any bitch or dog sold. (a.) Seller(s) may upon returning Buyer(s) deposit void this sales agreement prior to delivery of the dog. (b.) The Buyer(s) assumes full and complete responsibility and will hold harmless and defend the Seller or Co-owner/Seller against any and all claims, costs or other damages including attorney fees of any and all actions of this dog or its ownership that has created a liability of any kind to any person, animal or property (c.) Buyer(s) understand that if the Buyer(s) sell, gives away or transfers ownership or registration, the Seller shall be notified and have the right of first refusal. (d) Buyer(s) understand that a normal Bulldog can have medical anomalies that are not common to other breeds as a result of genetic defects to produce the unique dog that we have today. These "defects" or "anomalies" are considered to be common characteristics of the English Bulldog. These "anomalies" (i.e., cherry eye, demodectic mange, dysplasia) are not covered by the warranty. Please refer to reference materials on the World Wide Web or in books for more information on types of anomalies and temperament that are common to the Bulldog. (e) The Bulldog requires specialized veterinary knowledge and experience, take the time to find a qualified veterinarian.

\_\_\_\_5. It is understood and agreed that the full amount of the Security Deposit is non-refundable, except as noted in paragraph 4(a).

\_\_\_\_6. It is understood and agreed that the sale of this Bulldog will be considered final forty-eight (48) hours after the purchase date.
